

Objectives

As a senior professional and/or manager, the 6-month programme enables you to:

- * unleash what makes you so unique (at work and in your personal life),
- * choose from unprecedented options
- * create the job that will add spice to your life, today and in the future.

You begin with an online discovery session lasting about 45 minutes. You open the door to what could be your world of possibilities. You begin to visualise and understand what this will require of you.

"G"'s method

MODULE 1

CELEBRATING YOUR SUCCESSES TO DATE

MODULE 2

INVENTING THIS NEW FUTURE ON WHICH YOU ARE EMBARKING

MODULE 3

GRADUALLY ADJUSTING TO THE PERSON YOU ARE BECOMING

MOD ULE 1

Most of us do not realise the extent or the wealth of our accomplishments. In this module, you will be made aware of these attributes, experiences and competences which characterise who you are. We identify the events and experiences that still influence your present and determine your future. You begin to see the professional positions that bring happiness and satisfaction and that keep you "alive".

M0D ULE 2

And if you followed your inspiration, what would your world look like? While remaining true to your convictions and objectives, what is just within reach? What assets can you call on to create the desired position? What actions should you take to anchor this new professional future in reality? In this module, you will imagine, visualise and create the future that you want.

MOD ULE 3

This is the time to materialise what you think is possible.

We will delve into my toolbox. I will share my experience and expertise with you to help you progress and take actions in line with the person you are and the one you are currently growing into. You will confidently continue along the path to achieving your objectives.

Geneviève Bauhofer

I assist companies, executives and managers in visualising a desired future and creating the conditions underpinning its achievement. I focus on the company's strategic framework, internal culture and leadership (at every level). In a company, I pay particular attention to the internal culture, which will either facilitate or prevent change. I give the person the means of unlocking the world of possibilities, identifying the critical points and preparing for pivotal conversations and conferences. I encourage everyone to choose their own life path and to follow it. For more than 20 years, I have offered a sympathetic ear and provided advice and accompaniment in complete confidence, both locally and abroad, in companies and within my own facilities.
